# BARRIER CLADDING

With a smart drop in design, the options for cladding our structures are endless. With offerings across all price points you can choose to take the path of understated simplicity, fully custom printing, or anything in between.

All barriers can be upgraded to receive a planter cap piece, providing space for greenery of your choosing, or space-saving bench seating to maximize your capacity.

\$

PAINTED T 1-11 SIDING

ALUMINUM COMPOSITE

CUSTOM PRINTED

\$\$\$\$

# FLOORING

Our standard structures feature composite Trex flooring, which is engineered to withstand the elements year after year with minimal maintenance. Easy to clean with simple soap and water, composite flooring won't warp, is scratch resistant and is configured as lift-able palettes to allow for compliant cleaning.

\$

PAINTED PLYWOOD

TREX COMPOSITE PLANKING

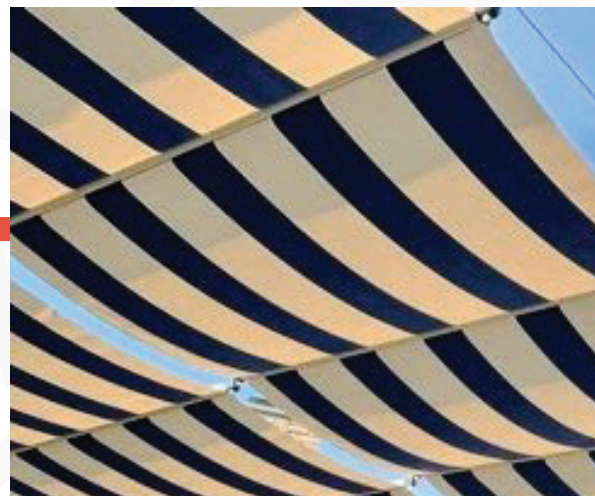

CUSTOM PRINTED

\$\$\$\$

# COVERINGS

Our unique metal framing system provides support for your covering of choice, ensuring your patrons are protected from the sun or the occasional rain shower.

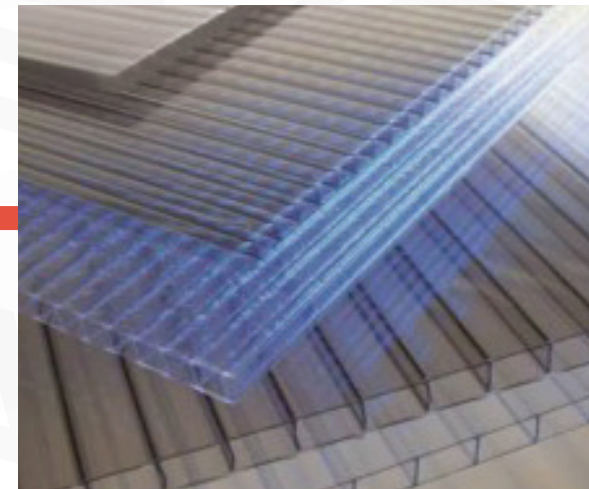

\$

SUNBRELLA CANOPY

CORRUGATED PLASTIC

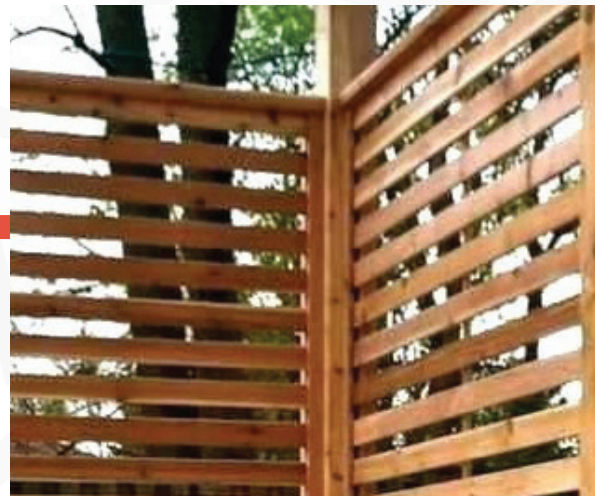

TWIN WALL PANELS

\$\$\$\$

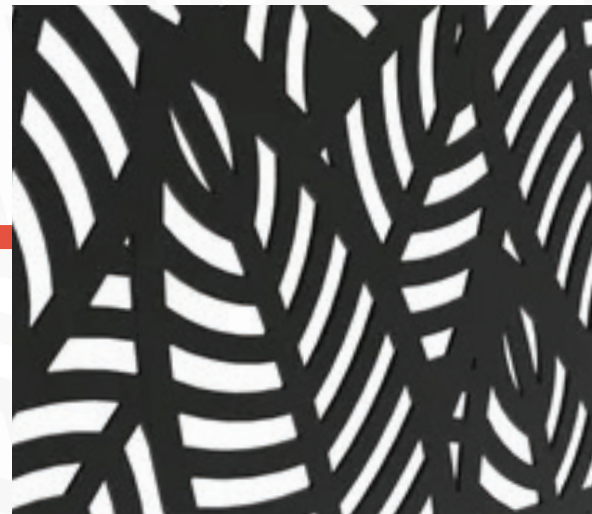

# SCREENING

A desirable compliment to any dining structure, screening along the road-facing side adds visual appeal, reduces street noise, and increases patron privacy while still allowing for air circulation. An optional upgrade you can include from day one or add in the future, screening is a great way to add personality to your outdoor presence.
